

DormSmart's Dorm Room Checklist

"What to Bring & How to Pack in 3 Easy Steps"

This dorm room checklist includes the essentials for campus living plus a few tasks for college bound students to complete prior to move-in day! While it may seem like a lot to pack, many items suggested are dorm sized and easily stored, leaving room to spare.

Steps:

1. Print Dorm Room Checklist. (Check your school housing info and make any necessary adjustments to your checklist.)
2. Make room in your home to store your college dorm essentials as you acquire them. (Tip: Save money, pack the items you have at home first. For items you must buy, shop early to give yourself time to check purchases and make returns.)
3. Inventory as you pack for quick access. For example, if you pack sheets in Box #1, write Box #1 next to that item on your checklist. (Tip: Use your dorm room checklist as an inventory for your College Property Insurance Policy.)

Move-in Weekend Planning Tip:

Move-in weekend is BUSY! There are thousands of boxes arriving on campus and many students trying to locate those boxes. If possible, it is best to purchase dorm room supplies early, pack them in an orderly fashion, and accompany them to their final destination... your dorm room. If you do ship your dorm room supplies directly to your college campus, remember to use your campus shipping address and give yourself ample time to locate your items during move-in weekend.

Bottom line... you need as much time as possible to get settled into your dorm room on move-in weekend while participating in all the mandatory activities. So be smart, allow your family to help you get organized and settled into your new home. It will make the transition to college life much easier for everyone. Don't forget your dorm room checklist!
